## Letter from the Executive Director

Thank you for taking the time to consider helping children with autism by supporting our 6th annual Boots and Bling Gala. Including Kids, Inc. is a non-profit program for children with autism using the principles of Applied Behavior Analysis in a one to one teaching environment. Studies have shown that nearly half the children who receive this early intensive intervention can have the diagnosis removed and/or be included in typical classrooms with little or no support.

\$ 0.86 of every dollar goes directly to the children, so your support will truly make the difference in lives of children and their families who are affected by autism. Our goal is to help every child with autism regardless of the family's financial situation. To do this we need your help. Our services are one to one, which means that there is a teacher for every child, which results in enormous expense. I know the economy is less than ideal right now but our children with autism do not have the time to wait until the economy improves. For every child, time is of the essence. We know the earlier the intervention, the more favorable the outcome. However, we have also seen amazing strides from children as old as fourteen years of age who had no previous intensive intervention. We encourage you to check out our website at [www.includingkids.org](http://www.includingkids.org) to learn more about the program you are willing to consider supporting.

On behalf of the children and their families, thank you for your support in whatever way you deem appropriate!

Sincerely,

Jennifer Dantzler  
Executive Director
